Subject: Request for Current Public Documents

Bob,

I would like to continue to ensure that I have all the current public information available concerning Leader Technologies Incorporated. My last request for an information update was 11/8/2006 and I received documents through 11/15/2006. I want to make certain that I have any changes or other agreements that may supersede my information complete to that date.

The October 11, 2006 letter from John Barron of the ODOD to Michael T. McKibben of Leader Technologies, Inc. set a payment deadline for November 30, 2006. I am specifically interested in all available information pertaining to that deadline. If there is no information available at the time of this request, then I would like that information as soon as it does become available.

I appreciate your involvement in this matter and your responsiveness to my requests.

I understand that this document is considered Public Information.

What business purpose is served by Mr. Detwiler, a Leader shareholder, probing a Leader business partner for payment details, ostensibly under the guise of a public records request. Where does it show the equally venerable legal protection afforded Leader not to have its business relationships interfered with by a shareholder using insider information to disrupt a business relationship?

Mr. Detwiler:

I have reviewed Leader Technologies file and found no public records added since your last request.

Bob,

Has there been any activity, including any public documents generated from either party, concerning Leader Technologies since this last exchange?

Specifically, has the matter been forwarded to the Attorney General's Office?

Mr. Detwiler:

No, Leader did not. ODOD has not yet forwarded the matter to the Attorney General.

Bob,

Did Leader fulfill the required obligations by the November 30 deadline?

If not, did ODOD refer this matter to the Ohio Attorney General's Office for collection?
