Bob,

I would like to continue to ensure that I have all the current public information available concerning Leader Technologies Incorporated. My last request for an information update was 12/21/2006 and I received documents through 1/4/2007. I want to make certain that I have any changes or other agreements that may supersede my information complete to that date.

In preparation for one of the lawsuits against Leader, I found the attached document from a previous public records request. In that letter, reference (recopied for your convenience) is made to a required letter from Leader as follows:

"Please work with Chad Davie, Business Development Representative, who will assist you in gaining the necessary approvals for the commitment described herein. Chad will need to receive a written response from you by May 15, 2003 confirming our understanding of this project and acknowledging your acceptance of this commitment of assistance. Please do not hesitate to contact Chad with any questions you may have by telephone at (614) 644-9759 or by e-mail at cdavie@odod.state.oh.us. I look forward to working with you on this important project."

I do not have that required response letter from Leader.

Please forward that response letter along any other documents since my last request.

Can you recommend a contact in the Attorney General's office so I can get public information on Leader Technologies from them?

Thank you for your prompt assistance.

Ed

Mr. Detwiler discloses a telling morsel: "In preparation for one of the lawsuits against Leader..." Mr. Detwiler participated by name in one lawsuit. What are these other lawsuits? This bit of information reveals his collusion with Benjamin S. Zacks regarding the filing of multiple lawsuit against Leader, a company in which he and Mr. Zacks were shareholders, we believe and have asserted in various court filings. Further, Mr. Detwiler is seeking to prove his fraud allegation since this letter he asks for would be critical in proving this bogus theory. (No such letter exists because Leader was never informed that its Application numbers had been unilaterally changed on Apr. 23, 2003 by an ODOD staffer. Click here to see those handwritten changes.)
